Ring Sizer

Comments :

- * Before printing make sure that your printer's "Printing Preferences" are set to :
 - a) Paper/Quality to A4 size paper (210 x 297 mm)
 - b) EFE to actual size

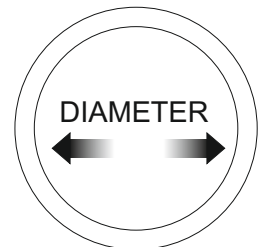

Option 1 : Use the meter to measure your finger

- a) Print and cut the meter below.
- b) Place the meter around your finger with the number appear to you .
- c) The number that appears from the vent is your size .

Option 2 : Measure an older ring .

- a) Choose an older ring that fits you
- b) Place the ring on the circles below an match the inner side.
If your measurement is between 2 circles select the larger.
- c) Another way is to measure the diameter of the old ring as appears in the next photo. Then match the measurement with one of the following circles.

Measure the inner side
